

ATI TEAS[®], Version 7 Cut Score

Frequently Asked Questions (FAQs)

Q. Is the reporting scale for ATI TEAS, Version 7 changing?

A. No, the reporting scale for ATI TEAS, Version 7 will remain the same as ATI TEAS (0-percent to 100-percent).

Q. Are the cut scores for the Academic Preparedness Levels changing?

A. No. ATI TEAS, Version 7 will be on the same scale as ATI TEAS; therefore, the same cut scores will apply. The ATI Academic Preparedness Levels are provided in Table 1.

Table 1. ATI Academic Preparedness Levels

Academic Preparedness Level	Academic Preparedness Level Definition	Score Range
Developmental	Developmental scores generally indicate a very low level of overall academic preparedness necessary to support learning of health sciences-related content. Students at this level will require additional preparation for most objectives assessed on ATI TEAS, Version 7. (See Topics to Review on this score report.)	0.0% to 40.0%
Basic	Basic scores generally indicate a low level of overall academic preparedness necessary to support learning of health sciences-related content. Students at this level are likely to require additional preparation for many objectives assessed on ATI TEAS, Version 7. (See Topics to Review on this score report.)	40.7% to 58.0%
Proficient	Proficient scores generally indicate a moderate level of overall academic preparedness necessary to support learning of health sciences-related content. Students at this level can require additional preparation for some objectives assessed on ATI TEAS, Version 7. (See Topics to Review on this score report.)	58.7% to 79.3%
Advanced	Advanced scores generally indicate a high level of overall academic preparedness necessary to support learning of health sciences-related content. Students at this level are not likely to require additional preparation for the objectives assessed on ATI TEAS, Version 7.	80.0% to 91.3%
Exemplary	Exemplary scores generally indicate a very high level of overall academic preparedness necessary to support learning of health sciences-related content. Students at this level are not likely to require additional preparation for the objectives assessed on ATI TEAS, Version 7.	92.0% to 100.0%

Q. Are the normative data tables and program means changing?

A. Yes. Normative data such as national means and percentile ranks reflect how students have performed relative to other examinees and are provided for comparison purposes. When ATI TEAS, Version 7 is introduced in June 2022 it will include updated normative data.

Q. What does this mean for my program admissions policy if I use the national mean as my cut score?

A. Since ATI TEAS, Version 7 will include updated national means, program admission policies that use national means will need to be revised.

Q. I set my cut score using the ATI TEAS Cut Score Analysis Tool. Will I need to do this again?

A. Since the reporting scale will not change, institutions that use the Cut Score Analysis Tool can continue to apply the current cut score to ATI TEAS, Version 7.
